Sir,

I have talked with the track coach regarding his conduct this morning (Saturday, November 28/09 - 10:30am) and his occupation of more than Lane 4 (the dedicated sprint lane). The moment I walked over there he removed the sprinting blocks from the lanes. Please accept our apology for the incident and realize this is a new policy and we are still introducing the rules and regulations to teams, coaches, and members. If there are further incidents were rules/regulations are not being abided by please let the track monitor know and if they are absent the Joan Buddle Service Desk (located at the entrance of the David Braley Athletic Centre).

I have attached the email of the Facility Manger to this email, if you have any other concerns about the track or any Athletic facility please contact him via email or 905-525-9140 x23598.

Regards,

Josh Lichty
